

## G.H.A. Directors Review Progress

Preparations for the incorporation of the Greenbelt Health Association are nearing completion. Delbert Mesner, business manager, told directors at their last board meeting. When all data is ready and the lawyer's report is made the board plans to hold a special open meeting at the Elementary School so that members of the association may attend for a full report.

Another issue of the association's house organ "The Mediator" is expected to be mailed out next week, Henry Walter informed the board.

Herbert Hertz, handling complaints of members, asks that grievances be reported to him in as complete detail as possible so that he can solve the problems of service with greater satisfaction and speed.

Typing for Greenbelt's walking blood bank is being done through the facilities of the Health Association, William Hunt told the board.

## Care Center To Double In Size

Another step toward meeting the demand of supervised care for children of mothers engaged in war work has been taken in the expansion of the Child Care Center. Beginning Wednesday, further facilities afforded by the use of four additional apartments "E", "F", "G" and "H" at 14 Parkway will accommodate 50 children. Prior to this date the enrollment has been around 28.

Two full time assistants have been added to the staff under the supervision of Mrs. Russell Anderberg and a full time attendant in charge of cleaning and assisting in the kitchen has been hired.

Mrs. Anderberg points out the new set-up offers the distinct advantage of grouping the children according to age levels.

Early in the week Mrs. Mary Jane Kinzer conferred with Mrs. Isetta Jewel Miller, of Colonel Flemings' office of F.W.A.; Mrs. Elies Nuse and Miss Lucille Lewis, county supervisors of Child Care Centers and she reports the possible early acquisition of a separate building to house the Child Care Center.

This would afford a large playground and would be a definite advantage over the irregular room arrangement of the apartments which makes supervision a difficult task for the staff.

Mrs. Kinzer praised the staff of the local Child Care Center. In her opinion Greenbelt is unusually fortunate in having a highly competent and congenial staff.

## Wm. Sommers Killed In Pacific; Word Comes On Mother's Birthday

A tragic birthday present was received yesterday by Mrs. James J. Sommers of 9-M Ridge Road, when she was notified by the Navy Department that her son, 20 year old William Sommers, seaman first class, had died from wounds received in the line of duty.

The word came as a severe shock to the youth's mother because her son was in the habit of sending congratulatory cable messages on birthday and anniversary occasions. When the message was first delivered Mrs. Sommers naturally thought that it was a cable from the youth, instead it was a telegram from Rear Admiral Randall Jacobs, chief of the Navy Bureau of Personnel, stating, "The Navy Department deeply regrets to inform you of the death of your son, William Peter Sommers, seaman first class, USN, as a result of fragmentation wounds on the 17th of January while in performance of duty and in the service of his country. His remains have been interred in Allied territory outside the continental limits of the United States." The telegram went on to say that the family would be notified when further

## Co-op Federation Will Emerge Here

Greenbelt will be host Sunday to delegates of Maryland and District of Columbia cooperative societies in the organizing meeting of the cooperative federation for this area. Two local co-ops—Greenbelt Consumer Services, Inc. and the Greenbelt Health Association—have already taken action to join the federation, and two other groups here are considering affiliation.

About thirty representatives will meet in G.C.S. offices at 2 p. m. to adopt by-laws and set up an organizational structure which will offer additional services to co-ops in this area and which may stimulate creation of consumer-owned stores in other nearby communities.

Dr. I. A. Halbert, active leader in Washington co-ops will present a report on federation plans, and Thomas B. Ricker, G.C.S. manager, together with James Dunaway, manager of Rochdale Cooperatives in Washington, will speak on prospects for closer business cooperation between member societies through federation.

Also on the agenda are discussions of aims and techniques for observing the centennial year of consumer cooperatives, with R. L. Smith, educational director of Eastern Cooperative League, and H. F. Kern of Washington as speakers.

Visitors will have suppers as guests in the homes of members of the G.C.S. educational committee.

## Red Cross Folds 3800 Bandages

Mrs. D. J. Neff of the Red Cross announces that workers at the Red Cross work room hold the January record in Prince Georges County for folding the largest number of bandages. Three classes under the direction of Mrs. Percy L. Beach put in a total of 178½ hours and folded 3800 bandages. These workers are to be congratulated.

## Fund Drive Opens

The Red Cross will open its drive for funds Wednesday, according to Mrs. J. L. Rogers, war service chairman for the Woman's Club, who will handle the campaign again this year. Block captains will be appointed and all local organizations will be asked to participate. The success of the drive will depend upon the cooperation of all and this year, more than ever before, it is essential that the drive be successful.

## Town Office Sets New Rent Dates

As of March 1 rents for the original Greenbelt homes (the resettlement project) will be due between the first of the month and the close of business on the fifth, the Town Administration office has announced. Rents for the new homes (defense houses) will be payable between the 15th of the month and the close of business on the 20th. Letters have been sent to all residents explaining the new policy on rental payments.

## School Operetta Pleases Audience

"Love Pirates of Hawaii" a two act musical comedy, was presented to capacity audiences last night and Wednesday night by the local high school glee club. Credit goes to Mrs. Helen Truckess, music teacher, for directing the entire production. The cast sang to the tune of music provided by the string quartet. High school students designed the costumes and made the scenery.

The stars included Danny Jones, Marion Ball, Fay Friedman, Anne Childress, George Neumann, and Ginny Hazel. The stage crew and make-up staff received many compliments for their work in making the cast and stage resemble a real Hawaiian setting. This was the first operetta to be given by the high school and it was done in a style that should have more operettas coming soon.

## Council Appoints Victory Group

At the Town Council meeting Monday, a resolution was presented establishing a Victory Day Committee. While not thoroughly formulated as yet, the plan of the committee of Councilmen and Legionnaires is to have a gala reception day for the homecoming veterans of the war.

George Panagoulis, director of public safety, reported that the acquisition of mobile first aid equipment is being held up pending the purchase of a suitable police car. Considerable difficulty has been encountered in finding a dealer with a suitable two-door sedan for the local police department.

Meetings of the Town Council will start at 7:30 p. m. in the future. This change in time will enable councilmen and citizens, who may wish to attend the council sessions, to also reach other important meetings, especially those of the Greenbelt Citizens Association.

## Girl Scouts Meet

District Organization Number 1 of the Girl Scouts met last Thursday at the Elementary School to discuss problems of scouting in Greenbelt.

Mrs. Lloyd Nelson, chairman, reported that the scouts have realized nearly \$50 from the sale of old papers and magazines. The money has been banked with the hope that enough more can be added to it so that a cabin can eventually be built for the girls.

Papers and magazines are still being collected by the Girl Scouts and it is hoped that the people of the community will continue to cooperate by tying their old papers and magazines and notifying the Girl Scout living nearest them.

### PARENTS CAN HELP

There is a possibility that a new building will be erected in Greenbelt to be used as a child care center (see complete story on this page.) In this connection it is essential that Mrs. Kinzer obtain certain statistics on the number and ages of children living here. If you are a working mother with children between the ages of 2 and 14 years, please call Mrs. Kinzer's office, Greenbelt 2011.

## High School Presents 5th Edition Of All-Greenbelt-Night Next Friday

Band Concert, Tumblers, Coronation of Queen, Pair of Cage Tilts and Dance Make Lively Night

By BILL MOORE

## Consider Youth Play Center Plan

By GORDON FINLAY

In a move to avoid delinquency problems in the teen-aged youth of Greenbelt, the Town Council took under advisement Monday, a plan to establish a recreational center similar to the "milk bar" night clubs in some of the large cities.

At present there is no widespread delinquency among the minors. However, they have been congregating in large numbers in the several stores, particularly in the drug store in the evening. The plan as presented by Thomas Ricker, general manager of the Greenbelt Consumer Services, would make available for this purpose the "roof garden" above the barber and beauty shop. This space could be enclosed with non-priority materials and would be an ideal location for the purpose as it has direct connection with the drug store and kitchen, as well as an independent stairway on the outside.

High school principal Paul Barnhart urged the council to consider favorably the management of the proposed recreational center by the youth themselves under the advisement of a committee of adults.

If the government gives its permission for the alterations, the space, already under lease to the Greenbelt Consumer Service, could be remodeled for \$1500. In its present state, this roof area has no practical use.

Mayor Allen D. Morrison and the councilmen are in full accord with this movement and some action will probably be taken at the next meeting when the government's reaction to the plan will be reported.

## Citizen's Assn. To Aid "Mudbelters"

Landscaping and additional school facilities are among the problems of North-end residents which will be aired at the monthly meeting of the Citizens' Association March 6. Community Manager James T. Gobel has been asked to attend to give the "Mudbelters" first hand information on progress of drainage and sodding.

Volunteer workers may help the manpower shortage by spending week-ends laying sod, according to some plans advanced by North-end citizens. The feasibility of neighborhood sod-laying parties will be raised at the association's meeting.

## P. O. Auto Bids Sought

Proposals will be received by Postmaster George Bryant until 6 p. m. Tuesday for the hire of vehicle, without driver, on an annual basis for use in collecting, delivering and relaying mail during the year of April 1, 1944 to March 31, 1945.

The estimated hours of service per day are weekdays, seven, none on Sundays and 35 minutes each holiday.

The estimated hours of service per year total 2,196. The owner of the vehicle will be required to keep it in satisfactory condition at all times and to bear all necessary expense in connection with the operation and maintenance of same. Blanks on which to submit proposals will be furnished on application to the postmaster.

## Sodality Ladies Helped

The Our Lady of Sorrows Sodality members were unintentionally omitted when mention was made last week of the local organizations who aided the Fourth War Loan Drive. Much credit is due these ladies for their many hours of duty in the bond sale booths.

Greenbelt High School's principal, Mr. C. Paul Barnhart, announces celebration of the fifth annual All-Greenbelt Night beginning at 7 o'clock the evening of March 3, one week from tonight. The "night" has outdone itself each year progressively and this one fairly tangles in anticipation.

Band Lends Hand

The town band will open festivities with a sure-to-please concert and will play during time-outs and between periods of the basketball games that follow. Sandy Springs' Sherwood High School is a welcome newcomer as opponent for our boy and girl basketballers on this night of nights.

The girls will begin play at 7:30. Boys take the floor after considerable time between game activities.

Crowning of the queen has always been a big feature of this night, and as before, her identity is kept secret until the procession starts. Inasmuch as there are three members on the girl cagers who are candidates for the crown, there will be a little wait after the lassies' tilt before the grand march starts. This lull will be activated by a group of elementary school tumblers under the direction of Varsity coach Helena Knauer.

Lovely Octet

Marion Ball, Kathleen Scott, Peggy Robey and Dolores Davidson are the Senior classmates from among whom the queen will be chosen. The three runners-up will take their places as maids of honor with Junior nominee Carolyn Tompkins, Sophomore Betty Austin and Freshman Joan Reid.

After the grade school kids have tumbled comes the strains of Edward Elgar's *Pomp and Circumstance*, played at the organ by Mrs. Hester Neff. The music softens and continues as the doors open to let in the new All-Greenbelt-Queen and her attendants, all beautifully gowned, and the three little boys and two little girls who will carry the queen's train and bear the crown and flowers. Wayne Bochart, with screaming success of a year ago fresh in our memory, livens things as the court jester. Rosemary Scott and Barbara A. Barnhart are the crown bearers. Paul Davidson, Timothy Ingraham and Bruce Ball are the tiny lads who will be "trainmen".

Jim At Jammed Gym

Mr. Barnhart has invited town manager, Jim Gobel, to be on hand to place the crown upon the queenly brow. Cooperator Editor Don O'Reily, will be on hand to record events with his grafex and yours truly will cover the sports.

Our Queen and her beauteous court, will remain primly on the stage and daintily root for Coach Ben Goldfaden's boy cagers in their end of the athletic dream double-header with Sherwood. The game's final whistle signals the start of Mahlon Eshbaugh's Serenaders' jump and jive music that is sure to start all present feet to dancing. The dance should last for an hour or so and then another All-Greenbelt-Night will be history.

Mr. Barnhart tells further that temporary beachers along the window wall of the gym will be erected and, with the usual chairs, will comfortably seat 500 people and set a new attendance mark. Tickets will be on sale at the door at 39c for adults and 28 for all children. High school students will be required to purchase their tickets from their student council representatives prior to March 3. Student price is also 28c.

Buy War Bonds today so that you can face your fighting sons when they come home and say, "I did my share toward victory, too."

## Report To The People

The report on landscaping which the Cooperator was able to give Greenbelt residents relieves some of the pent-up anger we have been enduring over current community problems. Such a report was long overdue. We think the details were presented fairly and in a tone of good will, but the good will of residents who have suffered through the months of dust and mud was wearing thin.

Editorially we want to say that we think such muddle-headedness as went into the handling of the new construction in Greenbelt is inexcusable under whatever circumstances may have prevailed. Only the overshadowing feeling that the war comes first has prevented a nasty explosion of public opinion on the drainage and landscaping situation.

Now that we have been given some of the details we know what to expect and our patience can stretch a little further. If two dozen certain mothers will keep their youngsters from further sabotaging the project, and if F.P.H.A. and local officials will display the attention and forcefulness we expect of them the mud should be under control by summer.

Next, we want to report on why schools and store buildings were not provided when a thousand new homes were built here, and we want to know what is being done about it.

## Tax Memo

If you are having a little trouble finding your way through present tax forms, call the House office building and make an appointment with your congressman. He will be glad to see you, since he is your representative, and probably counts on your vote to help him stay in office at the next election. Take along that tax form. He will not be so glad to see you then, but since he is responsible for the awful mess perhaps he can explain it to you. If he seems to have trouble, just leave the form and your data for him to work on. If enough of them accumulated on his desk he might even make some effort to give us an honest, simple tax measure.

## Hi Neighbor!

The Cooperator greets the following new residents:

## Mrs. Tretter Leads Group

The regular monthly meeting of the Parent's Board of the Greenbelt Co-operative nursery school will be held Friday evening, February 25, at 8:15 p. m. at the home of Mrs. Herbert Hertz, 22-G Hillside Road.

Mrs. George Tretter will lead a discussion based on authoritative answers to vital questions affecting children of nursery school age.

## OurNeighbors

By JUNE WILBUR

Hi friends.

Mr. and Mrs. William Stewart have entertained several guests recently. Sergeant Paul Anderson of Nebraska and Mrs. William Cadwel of Washington were out one the week-end and Sergeant and Mrs. Joel B. Loughton from South Carolina were here during the week.

We've learned that the Mesdames Volckhausen are visiting in New York and New Jersey this week. Other Greenbelters who are enjoying the sights of New York this week are Mr. and Mrs. Dayton Hull with Debbie and Chip.

We're glad to report that Henry W. Parsons, who has been in Doctor's Hospital with a siege of pneumonia, is now much better. Mr. Parsons is Mrs. Dorothy East's father.

Greenbelt seems to have had quite a group of travelers among its citizenry. Mrs. Milford Cooper has just returned from a two week visit at her home in Virginia.

James Smith is on a field trip in Provincetown, Mass.

Mrs. Miriam Provost has just returned from a trip to Texas where she accompanied her daughter, Joanne and was in attendance at Joanne's marriage to Private H. A. Howe. Mr. and Mrs. Howe were married on the seventh at Camp Barkley, Texas.

Travelers to Greenbelt have included Mr. and Mrs. E. H. Major and daughter, Mrs. Estela Baer, from Wisner, Louisiana, who have arrived for a visit with Mr. and Mrs. John Teel. Mrs. Teel is in the hospital and her parents, Mr. and Mrs. Major, wanted to be on hand to help Mrs. Teel regain her health.

We have another Greenbelt daughter who has answered the call to serve Uncle Sam. Miss Catherine Livermore will be leaving on March second for the WAC training center in Fort Oglethorpe.

Miss Ruth Hirsh of New York visited a few days recently with Mr. and Mrs. Lester Citron. She was especially anxious to get acquainted with baby Matthew George.

Mrs. D. J. Neff, local chairman of the Red Cross Canteen, visited with other county chairmen, the mobile unit of the Montgomery County Canteen last Thursday night. The women went around to the various lights with the mobile canteen to compare that method of serving with that used by the Prince Georges County canteen units.

That's thirty for tonight, folks.

## Catholic Church

Sunday Masses: 7:30 a. m. and 9:30 a. m. in the Greenbelt Theater; 7:00 a. m., 9:00 a. m. and 11:30 a. m. at Berwyn.

Religious instruction: Tuesday afternoon at 3:30 in rooms 125 and 224, Elementary school.

Confessions: Saturday from 7:30 p. m. to 9:30 p. m. at 17-E Ridge Road in Greenbelt; Saturday from 5:30 p. m. to 5:30 p. m. and from 7:30 p. m. to 8:30 p. m. at Berwyn. Novena Devotions: Every Wednesday evening at 8:00 p. m. at Berwyn.

## P-TA Meets Monday

Dr. Nelson of the Department of Health in Baltimore, will be the guest speaker at the Elementary School P. T. A. meeting Monday evening at 8 o'clock. Dr. Nelson has recently come to Maryland from Massachusetts to help extend the work of curbing the spread of social diseases. He is an interesting speaker with a new and vivid approach to the problem of sex in children and young people.

There will be a short ceremony commemorating Founder's Day followed by the serving of refreshments in the Social Room.

To keep up morale, the Air Transport Command once flew a whole bowling alley to an arctic Army outpost. The bowling alley was cut into sections for shipment and pieced together again upon arrival.

## From Halls of GHS

By MARILYN MARYN

Mrs. Lewis Ditman, the new chemistry teacher, is a native of Washington, attending both elementary and high school there.

She received her Master's degree from the University of Maryland, majored in bacteriology. Mrs. Ditman has two children who are attending the local Elementary School and she resides in Berwyn. She has taken an active part in school work and served as president of the grade school P. T. A.

Civil Service examinations in typing and shorthand were given to senior commercial students Tuesday morning. Those passing the exam will be given part-time positions for the government.

Members of the junior class are selling initialed stationery to raise money for their class treasury. The money will be used to finance the junior-senior prom in the spring.

Orchids to Mrs. Helen Trucksess who did such a fine job in directing the "Love Pirates of Hawaii" which was presented Wednesday and Thursday in the Elementary School. The entire cast and those who helped to make this operetta a success deserve a big hand.

The library received a new supply of books this week, including vocational pamphlets and social studies books.

Mrs. Hogue returned to school Monday morning after a two week honeymoon with her husband, PFC Philip Hogue. Private Hogue will return to his camp in Richmond shortly.

"Jerry Pulls the Strings," a film on the growth and processing of coffee, done by puppets, was shown on Tuesday to social studies classes.

Lois Forrester and Private Jack Keller, both graduates of 1943, visited school last week. Lois, a student of University of Maryland, observed in the English classes

## William Sommers Killed

(Continued from page 1)

Army and Private Robert Sommers, 20, of the Army Air Corps. Another son, 17-year-old Richard Sommers, hopes to enlist in the Marine Air Corps following his graduation from High School.

Sommers is the sixth Greenbelt man to die in service.

## Community Church

The first Sunday in Lent will be appropriately celebrated by the Community Church both at the Church School, which meets at 9:30 a. m. and the regular Church worship at 11 a. m.

Rev. Wilmer P. Johnston will use as his subject for the morning sermon, "Taking Time to Live." The music will be led by the Community Church choir, directed by Dwight Trucksess, accompanied at the organ by Mrs. Hester Neff. Mrs. Anna Lewis will be in the vestibule from 10:50 a. m. to personally welcome those kiddies whose parents desire to leave them in the nursery while they worship.

The Board of Deacons and Deaconesses and the Officers and Teachers of the Church School have decided to sponsor an Easter sunrise service Easter morning in front of the Elementary School. It is hoped to make this as inclusive as has been the World Day of Prayer.

The Community Church Guild will meet with Mrs. Phil Taylor, 13-R Ridge Road Wednesday, March 1 at 2 o'clock.

The Finance Committee will meet in the Pastor's study at 8-B Parkway, Wednesday evening at 8 o'clock.

## Church Guild

The Community Church Guild will hold its March meeting at the home of Mrs. Phil Taylor, 13-R Ridge Road, Thursday at 2 p. m.

## Hebrew Congregation

The Hebrew Congregation will meet this evening at 8:30 o'clock in the social room at the Elementary School. Following the regular services, Emanuel Mohl will tell of his experiences during his nine year stay in Palestine. He will answer questions following the talk.

The Sunday School under the auspices of Rabbi Youngerman, is still open for registration. The three classes, which last from 11 a. m. to 12:30, kindergarten, intermediate and advanced classes are held in room 201 of the Elementary school building. All newcomers, who are interested, are invited to attend these sessions or communicate with Mrs. Emanuel Mohl or Mrs. Jane Greenstein.

## Church of Jesus Christ Latter Day Saints

Sunday School starts at 10 a. m. Sunday. The regular sacrament services will convene at 6:30 p. m.

The cottage meeting at 8 p. m. will be held at the home of Wendy Anderson, 13-G Ridge Road. The subject for discussion will be "Authority—How Obtained."

The Relief Society will meet at the home of Mrs. Reva Christensen, 1-C Ridge Road Tuesday at 8:15 p. m. The ladies should bring sewing and ideas for a grand party to be given soon commemorating the 102d birthday of this organization.

Plans are being made to have the "Fullness of Times" recordings brought to Greenbelt each week beginning March 12. These will be played immediately after the regular evening services.

Back the attack by upping your payroll savings your very next payday. Measure your savings by your new higher income.

## Navy And Yankees Appear Finalists In Rec League

Navy defeated F.B.I. by 46 to 29 and the Yankees lambasted the Athletic Club by 46 to 24 in the only games that counted in the Rec League last Thursday night. The Clovers and the Air Station played through the motions with ineligible squads and their tilt will not count in the final reckoning.

Jack Burt with 19 points was outstanding for the Navy while Ferrar, Enzor and Surber led the Yanks with 11, 10 and 9 points respectively.

STANDINGS

## Athletic Club News

Regular Monthly Dance  
Tomorrow Night

Music by Van Camp's Orchestra.

Come out and enjoy yourself.

Here's a prescription for a delightful home dinner or supper--so typical of Maryland:

Oysters, rolled in meal, fried in bacon fat and served hot with a bowl of cole slaw and a glass of National Bohemian Beer. They're all a part of the life of Maryland.

Next time you go to market, tell your dealer to include a few bottles NATIONAL BOHEMIAN BEER for your pure enjoyment.

Talk about a farm product—NATIONAL BOHEMIAN BEER is made from the farmers' grains and hops—plus the same yeast you use in making bread—and the purest of water.

Brewed and Bottled by  
THE NATIONAL BREWING CO., BALTIMORE, MD.

## Green And White Drops 28-23 Game To Maryland Park

CAPITOL HEIGHTS, February 18—Coach Ben Goldfaden temporarily (hopeful) lost the services of his effervescent, pepper pot forward, Donnie Wolfe, through scholastic deficiencies. His Grizzlies lost their second ball game to Maryland Park High, this time by 28-23.

Roger Smallwood and Bob Foster, with 9 and 10 points, starred for the victory. Ted Fox caged 8 points to lead the Greenies.

## High School Cagers Facing Heavy Schedule

Greenbelt High School's Girl and Boy Bruins face a busy spell of basketballing. Helena Knauer's lassies play Fairfax High girls at McKinley Tech in Washington tomorrow evening in a preliminary game to the final boys game of the Evening Star Metropolitan Area Tournament.

Mt. Rainier invades Greenbelt tonight for a pair of games starting at 8:45. The boys hold at 27-25 victory over the Mounts and the girls hope to avenge a 29-27 beating they suffered at Mt. Rainier. The girls got even with Bethesda-Chevy Chase for the only other licking they've suffered this season.

They meet Laurel's girls in the first game of a double header at 2:30 Monday here. Ben Goldfaden's Grizzlies will meet the Laurel boys in the second game.

## Evening Classes Here

Mrs. Mary Jane Kinzer, director of the adult education classes here was recently advised that this is the only community in the area where the evening classes were still functioning. This speaks well of the teaching staff and should encourage Greenbelters to continue with this program.

Lt. and Mrs. Wiesinger, 34 D Crescent Rd., announce the birth of Toni Lyne on February 20th, 7:15 p. m. at Walter Reed Hospital. Toni Lyne tipped the scales at exactly 7 lbs. and 9 1/2 ounces.

Lanky Bobby "Mook" Sommers, beloved youthful Shamrock baseball mascot for a couple of seasons, was yanked out of infantry maneuvers down Tennessee way by Lt. Paul Brengle of the U. S. Air Corps and formerly "Mook's" teacher at G.H.S. and given a paternal boot over to Shepherd Field, Wichita Falls, Texas for a series of determining quizzes to see if our "Mook" is Flying Cadet material! Give it the gun, Robert.

The men's Rec Basketball League obligingly stepped aside for the "Love Pirates" Thursday. next games will be on the night of March 2. The powerful Yankees play the muchly straffed Air Station in the first tilt; Navy's Super-Dreadnaughts encounter the Greenbelt Athletic Clubmen and the wilted Clovers are under scrutiny of the G-Men in the final game of the second half.

Navy sailed smoothly through the first half and are presently tied with the Yanks for second half lead. Barring an upset, the pair of quints should remain tied at the conclusion of next Thursday's battles.

We wouldn't want to miss any play-off skirmish involving Navy and Yanks if their last game is a gauge for the future.

There was the odd case of a certain acting captain in place of the captain in the last Navy-Yank fiasco. To explain: Captain Bob Hughes, U. S. Army, acted team captain for the absent Yank team captain, Ben Sheldon. Ha, Ha.

Big Lloyd and George Clay, ace courtsters on Glen Wilbur's Navy gang, have brothers enough to form an excellent Clay basketball. Walter "Ki", Milo, Roy "Junior" and Bill round out the cage playing Clay family. The latter pair were Colorado State basketball and footballers for two years in high school and are presently in the Marines. "Ki" was selected on the A.A.U. All-America basketball quint after a great season last year with Denver Legionnaires. The Legion trimmed Wyoming's "Cowboys" in the National semis and lost out to the world-famed Phillips 66 "Oilers" in the finals.

Greenbelt High is forging to the front in county high school circles. They are honored by acceptance of invitations tendered all Prince Georges schools to participate in a Greenbelt Invitation Basketball Tournament by 6 of them. Invites were tendered to all eleven of the county high schools. Five could not accept this season but are eagerly planning to come into the parade next season. Boy and girl teams of Mt. Rainier, Hyattsville, Oxon Hill, Bladensburg, Maryland Park and Greenbelt will begin play at 7:30 the evening of March 8.

The tourney next year will embrace, in addition to the above, Laurel, Marlboro, Surrattsville, Twin Oaks and Bowie.

This year's tourney will be run off in three days, Wednesday, March 8, Thursday March 9 and the final on Saturday March 11. There will be four trophies to compete for, one each for the boy and girl champions and one each for the runners-up.

## United Action On Teachers' Pay

All presidents of Parent-Teacher Associations in Prince Georges County, regardless of whether they represent Congress or non-Congress units, are requested to meet with members of the executive committee of the County Council in the auditorium, Administration Building, University of Maryland, on Sunday at 2:30 p. m.

The purposes of this meeting are as follows:

1. To formulate plans for appropriate action in support of the

High flat game: Graziano and Wrul, 93.

## Local Man Gives Tax Explanation

According to E. Don Bullian, local income tax authority, the unusual situation that caused a 61c decrease in a semi-monthly pay of a local man who received an annual raise of \$100 has its redeeming features.

It most likely will result in a tax refund the following year instead of an additional payment, said Don Bullian. An individual at the bottom of any range or withholding bracket has the same amount deducted for taxes as a person at the top of the bracket, who may be earning about \$20 more.

It must be borne in mind, he said, that the tax deduction is based on the average wage in the bracket, thus the person at the top is not having enough taxes deducted while the person at the bottom of the bracket is having too much deducted and so will most likely receive a refund in taxes. The other man must make up the difference when March 15 rolls around.

The taxpayer should remember that regardless of the amount earned during 1943, if they were subject to the withholding tax, an income tax return should be filed before March 15, particularly individuals who have not worked the entire year. The withholding tax is computed on an annual salary basis and assumes that you will get a salary for every week in the year. So, if you have not worked a whole year, you should file a return and claim a refund of the taxes paid. If the unemployed period is very short and was in the first six months of 1943 the above provision may not apply unless the income was less than \$500 for the year.

Youth Recreational Program in Prince Georges County which will be placed before the County Commissioners February 29.

2. To formulate plans for appropriate united action on teachers' salaries.

3. To afford all presidents of local units an opportunity to meet, discuss allied problems and coordinate their work.

Speakers to appear at this meeting are: Richard Mansfield, Former Chief Detective, Metropolitan Police and now Chief director of Safety Program, Cheverly, Mr. Don Minnegan, Acting Director of Physical Education and Recreation, State of Maryland, State Department of Education.

Somehow the *Evening Star* got wise to the fact that we are blessed with a particularly excellent girl basketball team 'way out here in the 'Belt. They are running a Metropolitan Area Boys' Tournament and decided that the grand finale tomorrow night needed a little dressing up. So they invited Fairfax High girls and then looked out here in Maryland and saw two ace sextets, Greenbelt and Bethesda-Chevy Chase.

Win Chance For Fame

The *Star* knew that the Montgomery lassies had beaten our Prince Georges pride in a 20-18 thriller but they also heard that the losers were without one of their "touchdown twins". Bethesda was due to pay Greenbelt a visit on George Washington's birthday so the *Star* put it up to the rivals. "Win the game and play Fairfax in our tournament!"

Coach Helena Knauer put her game little band

on the floor, bolstered by the return of Betty Ann

Dickson, two days out of a three week miserable siege of tonsillitis. The courageous "Dixie" was captain for the day and not in vain. She led her gang to a stunning 29 to 28 victory over a hard-driving but luckless Bethesda-Chevy chase sextet.

Touch of Dixie Morale

"Dixie" tossed in 2 baskets and Ora Donoghue and Lucy Forrester connected once each as Bethesda's Miss Beard tallied 6 points to 2 for Miss Capenhauer, leaving things in an 8 all tie at the end of the first quarter. Miss Donoghue put on a 9 point spree that sparked our Greenie Bruins to a 21-14 lead at half-time.

Donoghue and Capenhauer looped 3 buckets apiece in the third period but Bethesda gained to a 24-27 deficit as Miss Ockey's 4 points were the edge. Kathleen Scott dumped in a basket for the Green and White in the final session as Beard and Ockey dittoed for the visitors. Bethesda's luckless note was struck in the final 30 seconds as they heart-failed the local fans with 5 shots of the "In-again-out-again" variety. They wouldn't drop through! It was a limp home finish but it gained a spot in a much coveted tournament for our kids.

Ora Gains New Heights

Ora Donoghue's 17 points were the game's best collection and boosted her season total to 115 baskets and 15 foul shots for 245 points, 34 better than her County record of last season. Misses Capenhauer and Beard were Bethesda-Chevy Chase's best point makers with 12 and 10 respectively. "Captain Dixie" supported Donoghue with 6 early points.

Greenbelt's guards played a bit too genty as a contrast to the vigorous battle put up by the visitors. Nervousness at the free line cost the locals a chance to make a run-away out of the important game. They flubbed all but one of their dozen charity tosses.

## Menu Ideas For Children Offered

To encourage Greenbelt Mothers to supply their children with sufficient diet, Mrs. Anderberg, director of the Child Care Center, has submitted what is considered the essential daily requirements of each child.

In order that a child may be healthy, well-nourished and vigorous he must eat foods which meet his needs. The food requirements of a child are greater than those of an adult. An adult's food must keep him warm and supply him with energy, maintain his body processes and repair his worn-out tissue. A child's food must do all these things and must also build new tissue constantly, as he grows taller and gains ten weight month by month. If a child's diet does not supply all these needs he may suffer from malnutrition.

Following are the daily needs:— One quart milk, cooked or uncooked cereal, orange or tomato juice, additional fruit cooked with a little sugar, green vegetables, cooked or raw, one other vegetable such as beets, cauliflower or potatoes, one whole egg, one serving of liver, lean meat, poultry, fish or cheese, whole wheat or enriched white bread and butter, cod liver oil and drinking water, not ice water.

Josephine Gawthrop, the dietitian of the Care Center, adheres to the following standards in planning attractive luncheons which will encourage good eating habits in the children.

1. Green or leafy vegetables cooked for a short time in a small amount of water, with cover on pan to preserve vitamins.

2. Meat, baked, broiled or stewed. No fried foods.

3. Seasoning mild, omit pepper.

The meat, vegetables and fruits are cut in pieces small enough for children to manage. A small amount is served at one time. Consideration is given to the groupings of food to present attractive color combinations on the plate. Foods of different consistency should be grouped in given menu. The tots are served mid-morning snacks of fruit juice and crackers and in mid-afternoon, milk and cookies.

Below is a typical luncheon menu for the week—

Monday—Broiled bacon, baked sweet potatoes, steamed cabbage, cracked wheat bread and butter, fruit jello and milk.

Tuesday—broiled liver, baked potatoes, green beans, cracked wheat bread and butter, milk and bananas.

Wednesday—Creamed chicken, steamed rice, carrot and celery sticks, whole wheat bread and butter, milk and Cape Cod Salad.

Thursday—Meat loaf, baked potatoes, broccoli, cracked wheat bread and butter, half of pear in juice and milk.

Friday—Tuna noodle casserole, steamed fresh spinach, cracked wheat bread and butter, cornstarch pudding and milk.

Saturday—Eggs a la goldenrod, buttered beets, fresh green peas, toast fingers, milk and stewed prunes.

Favorite recipes of Mrs. Gawthrop's have been included in these menus. The Cape Cod salad is used as a dessert.  $\frac{3}{4}$  cup orange juice, 1 tbsp. gelatine, 1 cup sieved cranberry sauce, 1 banana or apple  $\frac{1}{2}$  cup nut meats. Soften gelatin in water, heat orange juice until boiling, add gelatine and cranberry sauce. Let that jell. Dice banana and nut meats.

An enticing addition to the steamed spinach is a sauce made as follows—5 hard cooked eggs, 3 cups white sauce. Make medium white sauce, cup all the whites and three yolks into that. Sieve other two yolks and use as garnish.

The corn starch pudding recipe follows—qt. milk, 2 eggs beaten separately, 3 tbsp. cornstarch,  $\frac{1}{2}$  tsp. salt, 1 tsp. vanilla, 3 tsbp. sugar. Blend starch, sugar and salt. Add to milk in double boiler. Cook 15 minutes stirring occasionally. Stir in slightly beaten egg yolks. Cook a few minutes longer. Remove from fire. Add flavoring. Beat egg whites until stiff and add sugar (2t). Fold in custard and let cool.

Simple butter cake— $\frac{1}{2}$  cup shortening, 1 cup sugar, 1 tsp. vanilla, 2 eggs, 2 cups flour,  $\frac{1}{2}$  tsp. salt, 3 tsp. baking powder, two-thirds cup milk. Cream shortening, add sugar. Add vanilla and eggs. Beat until fluffy. Add dry ingredients alternately with milk. Bake in loaf pan in moderate oven over 350 degrees about 30 minutes or until leaves sides of pan. Ice with any favorite icing.

## UFWA Auxiliary Has Realistic Aim

One group of local women making a realistic approach to community and national problems is the auxiliary of the United Federal Workers of America, which is concentrating on winning the war. Although this organization has been part of the Greenbelt scene

for less than a year and most of its fifteen members are mothers of small children, they have found time to actively engage in price checking for OPA, to do legislative work on the soldier's vote and subsidy issues and to serve as volunteers at the child care center.

The two leading spirits of this organization are Mrs. Robert Kahn and Mrs. Ira Solet, who edits "The Griddle," monthly publication of the CIO auxiliaries in Washington and vicinity. Because of its affiliation and cooperation with the national federation of CIO auxiliaries in Washington, the Greenbelt group has not organized along formal lines.

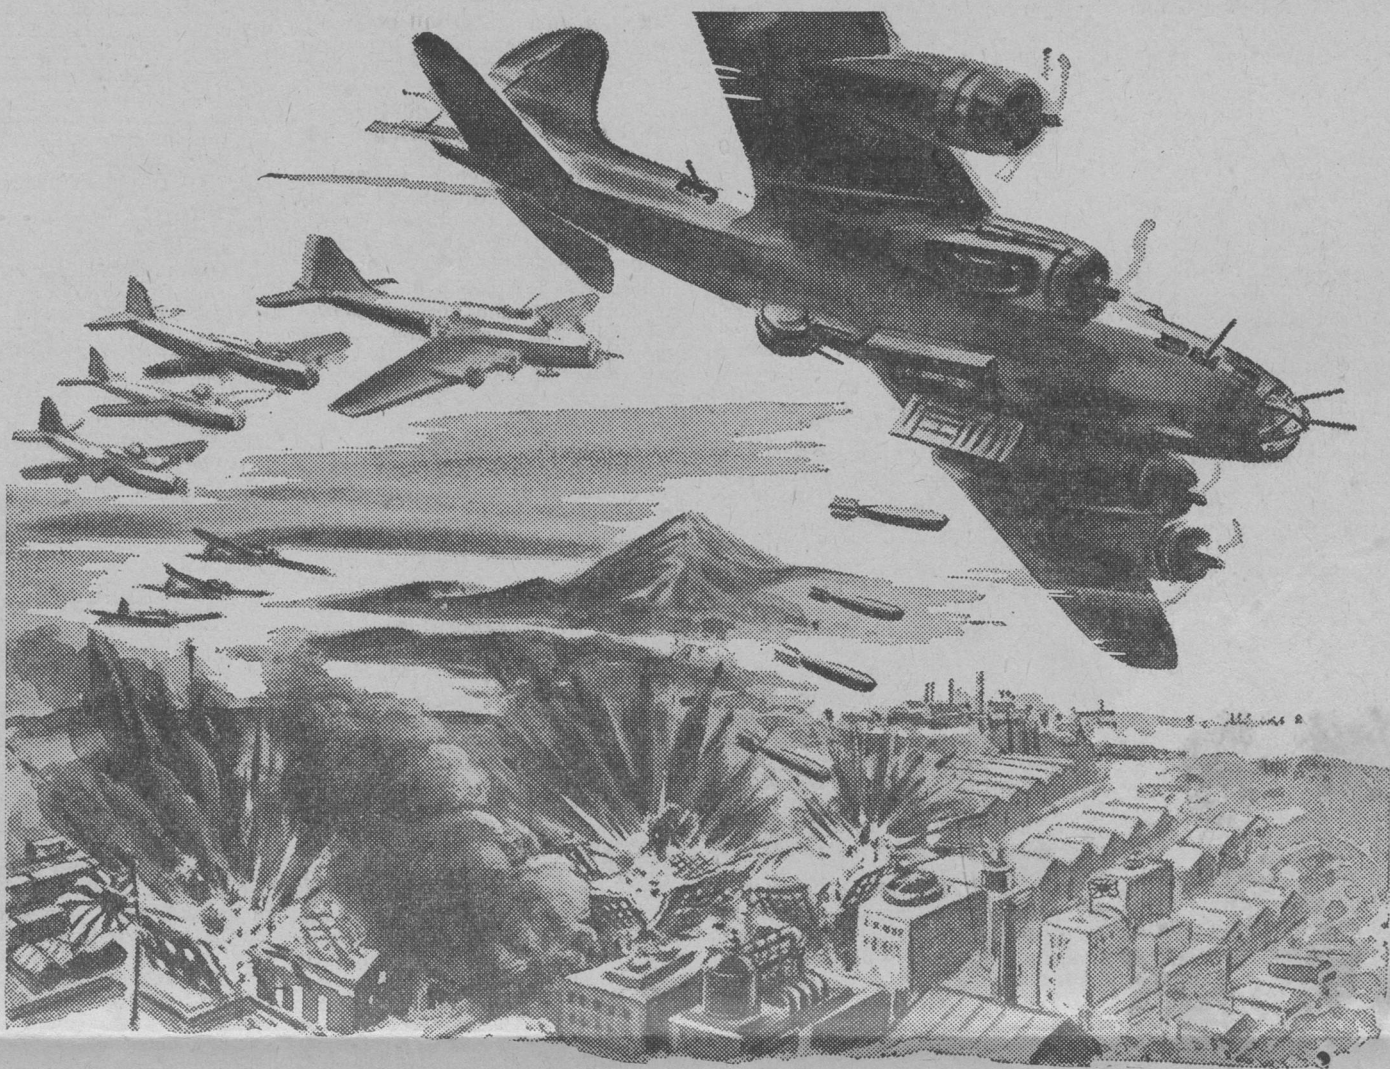

At present the OPA has no local set-up in Prince Georges County, Mrs. Kahn pointed out, so that volunteer price checkers from the group have worked in the District with Board No. 2, mostly by investigating restaurants and occasionally a few spot items in downtown groceries.

These energetic ladies have sponsored both of the recent postcard campaigns to write Congress-

men to continue subsidy payments and collected 150 signatures on a petition to give the soldiers a vote. The petition was submitted to Representative Worley, sponsor of the bill to give soldiers the Federal ballot.

The national federation of CIO auxiliaries recently opened in Washington a "Labor Canteen" for servicemen, located near 18th and Massachusetts avenue. Every six weeks the Greenbelt unit will be responsible for the serving of food here.

Buy War Bonds and Stamps.

**One need not be a prophet to foresee what will happen when aviation is released from the grim business of fighting a war. Gigantic passenger**

planes will fly wherever the big fighting planes go now.

The passenger air liners will be matched by cargo planes as large, or even larger, that will fly the same routes over the top of the world. New methods of propulsion will demonstrate speeds which would have been considered impossible a few years, or even months ago.

Inland towns will rival seaports as commercial and industrial centers if they are established on air routes.

Oranges permitted to ripen on the tree in California, can arrive in New York by cargo plane in time for breakfast.

Other things will keep abreast of the plane in development. Experiments in housing, lighting, automobiles, radio, medicines, etc. indicate that developments in these fields will rival that of the plane.

All these things will fit the world of tomorrow, but will business?

**COOPERATIVES HAVE THE ANSWER; THEY WILL FIT THE TIMES**

**COOPERATION IS A 'MUST' FOR TOMORROW**

**HELP TO DEVELOP IT TODAY**

**JOIN, BUY AND INVEST IN**
